## CAR 817 AR

### COMBAT ASSAULT RIFLE

The CAR 817 AR stands as a gas-operated carbine assault rifle designed for tactical and combat excellence. Built on the AR platform, the CAR 817 AR boasts the 7.62x51mm NATO calibre – a robust system offering barrel lengths ranging from 12.5" to 16", enhanced by adaptable rails. This empowers armed forces and law enforcement with unparalleled autonomy and unwavering confidence for mission success. Propelled by a short-stroke gas piston system and rotating bolt, the CAR 817 AR achieves exceptional efficiency. Its versatile firepower includes safe, semi-automatic, and automatic modes, coupled with an ambidextrous configuration, ensuring peak performance and operational reliability across all conditions.

Tailored for special operations and counterinsurgency missions, the CAR 817 AR embodies the pinnacle of capability, offering an edge in the most demanding scenarios.
