

CARACAL

CAR 817 DMR

HIGH-PRECISION DESIGNATED MARKSMAN RIFLE

Tailored for designated marksman roles in an infantry squad, the CAR 817 DMR exemplifies the modern high-precision rifle, bridging the engagement range between a service rifle and a dedicated sniper platform. Chambered in the 7.62x51mm NATO and .308 WIN calibres, and barrel length of either 16" or 18", this rifle is flexible enough for SWAT teams, squad-level military deployments, and marksmen.

Driven by a short-stroke gas piston system, the CAR 817 DMR offers a semi-automatic mode for swift engagement of multiple targets. The exceptional capability of this firearm ensures mission success in diverse operational landscapes.
