

# AL TARIQ

## RAPIER

# ACCURATE VERSATILITY. POWERFUL IMPACT.

### EXTENDED-RANGE, PRECISION-GUIDED AIR-TO-SURFACE MUNITION

The AL TARIQ RAPIER is an extended-range precision-guided air-to-surface munition with a stand-off range of 280km. Powered by a turbojet engine and featuring flip fins for a 700mm tail span, this weapon also offers modular seeker and warhead capabilities for greater deployment versatility.

With anti-jamming GNSS, multiple waypoint navigation and dynamic flight profiles, the RAPIER provides enhanced mission planning, improved targeting, and adaptability to mid-flight mission threats.

# SPECIFICATIONS

## KEY FEATURES

- Turbojet powered
- Flip-fins for 700mm tail span
- Modular seekers and warheads
- Dynamic flight profiles
- Anti-jamming GNSS
- Multiple waypoint navigation

## SPECIFICATIONS

<b>Length</b>	< 3,850mm
